

THE EON DOOR

TIMELESS LUXURY AT
YOUR FINGERTIPS

EON Two-Speed Door

Commercial Performance, Residential Comfort

Sleek and compact, the stacking EON elevator door delivers the feel and security of a commercial elevator in the comfort of your home.

Safety Meets Innovation

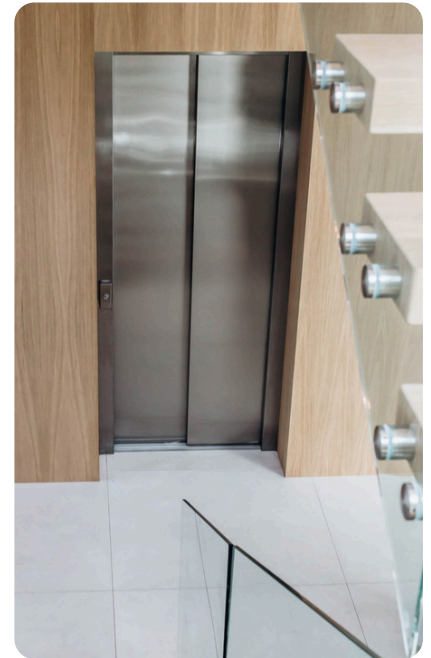

Designed and manufactured with safety and functionality in mind, the EON travels with the elevator, eliminating the need for a separate gate closure system.

Effortless, Hands-Free Access

Operating automatically at the touch of a button, the EON provides convenient hands-free accessibility in an upscale, luxurious package.

Eliminates the Gap Space Safety Issue

The EON door closes the space between the elevator cab and landing, removing the exposed gap found in traditional residential elevator configurations.
